

Dr. Ravi Kumar Mehrotra CBE

Founder, Promoter & Executive Chairman - Foresight Group

Dr. Ravi Kumar Mehrotra CBE is the Founder and Executive Chairman of the Foresight Group (Foresight Global Pte. Ltd., Singapore). A marine engineer by profession, he began his career in 1964 with the Shipping Corporation of India, rising to the rank of Chief Engineer. He was later seconded as Managing Director for the company's international joint ventures, where he developed the global relationships that enabled him to establish the Foresight Group in 1984. Over the decades, he has carefully guided the Group into diversified sectors including drilling, shipping, ports, gas infrastructure, retail, hospitality, and not-for-profit maritime training. His leadership philosophy is rooted in long-term sustainability, with a vision for the Group to celebrate its centenary in 2084 with strong financial health and continued relevance to society. Dr. Ravi received the Honorary Commander of the Order of the British Empire (CBE) from Her Majesty Queen Elizabeth II. He serves as Chairman of the European India Chamber of Commerce (EIICC), headquartered in Brussels, and has held several prestigious honorary positions, including Director of the Commonwealth Business Council. He has served as a board member of Lloyd's Register and is a recipient of the Lloyd's List and Seatrade Lifetime Achievement Award for his contribution to the offshore and maritime industry. He has also been conferred an Honorary Industrial Doctorate from Aries International Maritime Research Institute (Dubai, UAE) and, in 2021, received the Doctor of Science (Honoris Causa) from Royal Holloway, University of London. Dr. Ravi holds the Freedom of the City of London and continues to serve as visiting faculty at the Cambridge Academy of Transport. A noted international speaker, entrepreneur, and philanthropist, he remains actively engaged in advancing global maritime and business leadership.
